

HANCOCK HIGH SCHOOL

Forbes White

Dedication

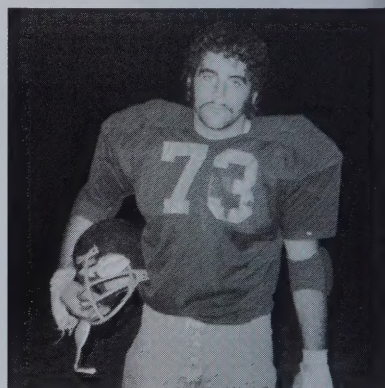

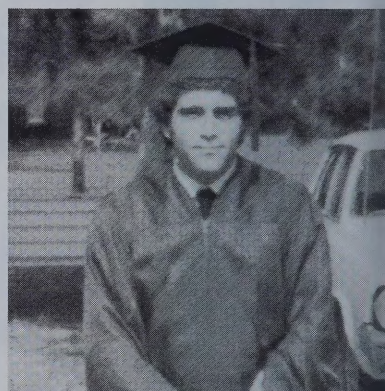

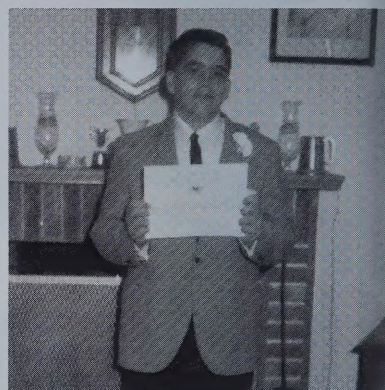

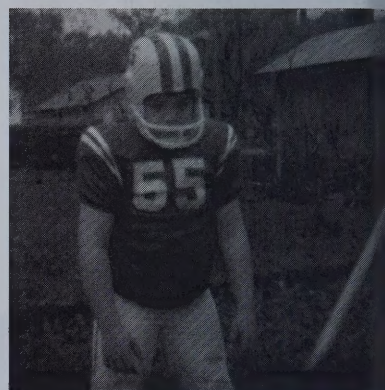

Coach Rocky Gaudin is the son of Percy and Dorothy Gaudin. Coach Gaudin came to Hancock County with the opening of Stennis Space Center and became a resident of Pearlington. He graduated from Hancock North Central High School in 1972. A standout on the football field, Coach Gaudin attended Pearl River Junior College where he played football for two years. During that time, the Wildcats won back-to-back South State Championships. From there, it was on to the University of Southern Mississippi where he earned a Bachelor of Science degree in Marketing Management and his teacher certification in general science, biology, and physical education.

Coach Gaudin began his first job in the Hancock County School District in 1976 at Charles B. Murphy Elementary in Pearlington where he taught math and coached jr. high football and girl's basketball. Coach began his career with a bang by leading the Rocket's girl's basketball team to an undefeated season. After one year at C.B.M., Coach Gaudin was hired as a science teacher and assistant football coach at Hancock North Central in 1977. He married the former Sharon Mitchell of Kiln and has two daughters, Courtney and Rocky Ann. In 2003, Coach Gaudin was selected to coach in the Bernard Blackwell All Star Football Game. He was also selected for, and currently serves, as the District 8 Board Member on the Mississippi High School Activities Association Athletic Administrators' Board.

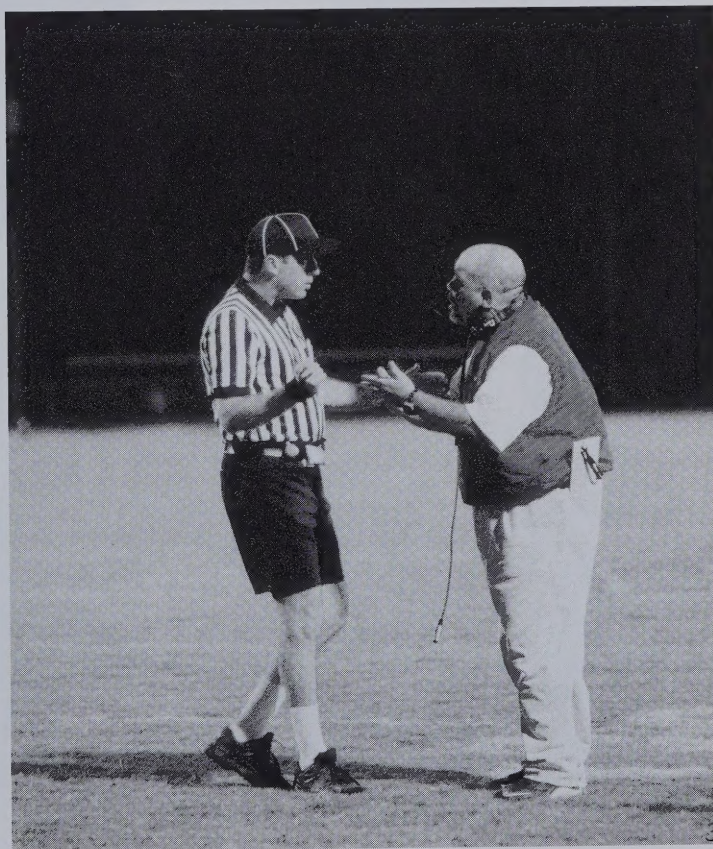

Other than a four-year stint as head football coach at Bay High School in the early 1990s, "Coach Rock" has been a fixture at Hancock High School. During his tenure as an assistant football coach, head football coach, track coach, and Head Coach of Athletics, Coach Gaudin has produced many winning teams and garnered district championships. He has also produced athletes that have gone on to win individual awards and acclaim. Although Coach Rock currently ranks third among head coaches on the Gulf Coast for most wins at their current school, his philosophy is not all about winning. Coach Rocky's approach to working with young people centers around producing athletes who will be successful leaders, husbands, fathers, and members of their communities. The legacy of Coach Rock's three-decade commitment to Hancock County is reflected in the number of fine citizens that have had the privilege of calling Rocky Gaudin "Coach." Coach Gaudin's life long love of sports, his enthusiasm for coaching, and his desire to use athletics to help students achieve their potential have been the cornerstones of his successful career.

Coach Rocky Gaudin's love, commitment, care, and dedication will leave a strong foundation for continued athletic success at Hancock High. Every now and again, a person comes along who plays such a large part in the history and growth of a place that their identities become almost inseparable. As a young man, Coach Rock played football as a Hawk. As an adult, he has taught, coached, and earned his living as a Hawk. Coach Gaudin will forever be a Hawk.

The staff of the 2004 HAWK, as well as countless students and athletes, both past and present, is honored to dedicate this yearbook to Coach Rocky Gaudin.

Thomas A. Laudisi, Jr.

Thomas plans to attend the University of Mississippi and major in Business Administration.

Awards & Achievements: Academic Achievement in Pre Calculus, Business Law, U.S. History, and Spanish I, Varsity Soccer Most Valuable Player and Boys Soccer Team Captain (2 years), Perfect Attendance and National Honor Roll, and Elected District Attorney for Boys' State.

Thoughts On: You are your own person and you have to be ready to do everything on your own because no one is going to be there to hold your hand the entire way. My favorite memory from high school is not just one event, but a combination of every time I had the chance to meet a new person. I have been able to meet a very diverse group of people that no one could have ever thought had anything to do with one another. What am I not going to miss should be the question. From the endless hours of soccer and baseball to late night study groups, the events I have encountered are never going to be relived; however, they will always replay in my mind.

Words of Wisdom: This is the very beginning of a much bigger journey in life. Enjoy every minute of it because you have the rest of your life to worry. So just relax, be yourself, and enjoy the beginning of the rest of your life.

Christopher White

Chris plans to attend Loyola University and major in Business Administration.
Achievements & Activities: Governor's School Scholar, Youth Legislature Outstanding Senator, Loyola Dean's Scholarship, Swim Team, Golf Team, Beta Club, Mu Alpha Theta, Youth Legislature, Student Council, National Honor Society
Thoughts On: If I could do high school all over again I would have started a debate team (hint, hint).
I want my classmates to remember me as Plaid baby, plaid.
My favorite memory in high school is everything about Physics!
Words of Wisdom: Do not become entangled in high school "life" since it is only a beginning. Life starts when high school ends; be yourself.

Kari Caple

Kari plans to attend the University of Mississippi and major in chemistry.
Achievements & Activities: Girls' State, \$500 American Legion, \$500 semi-finalist Horatis Alger, Beta Club, HOSA, Mu Alpha Theta
Thoughts On: My biggest lesson from high school is it does not matter the grade someone makes, it is what the person has learned that makes the difference. Do not stress over the little things, just have faith and everything will work out.
After graduation, I am looking forward to becoming myself and living out my dreams.
I will miss getting all the wisdom from my teachers and the laughter of all my friends.

Brooke Necaise

Brooke plans to attend Southeastern Louisiana University and major in nursing.
Achievements & Activities: Full athletic scholarship to play basketball at Southeastern, Captain of Varsity Basketball Team, President of Senior Class, President of the Fellowship of Christian Athletes, President of National Honor Society, Vice President of Student Council, Beta Club
Thoughts On: The biggest lesson I have learned from high school is life is short! The older you get, the faster time passes so you must learn to take advantage of every day. God doesn't promise a tomorrow, but He does promise guidance to those who ask.
I will miss my friends and the faculty here at HHS. Most of all, I will miss my basketball team and all of the memories we have made.
Words of Wisdom: Set your goals high, never settle for second best, pray constantly, be a friend, and always remember to thank God for the many blessings in your life.

Stephan Hoda

Stephan plans to attend one year at Manatee Community College, and then transfer to UCF in Orlando, Florida to study law and theater.
Achievements & Activities: Boys' State, recipient of the Outstanding Representative Award at Youth Legislature, English III Academic Award, Who's Who Among American High School Students, Chorus Shining Star Award, Honor Roll, Perfect Attendance, Cheerleading, Theater, Leo Club, EXCEL, News Team, and French Honor Society
Thoughts On: If I could do high school all over again I wouldn't change a thing. I've enjoyed every second of being a student at HHS.
The biggest lesson I learned from high school is never quit because it is never too late to achieve. In the ninth grade I tried out for cheerleading and did not make it. However, as a sophomore, I tried out again and made it!
I would want my classmates to remember me as someone who was unafraid to be himself.

Misty plans to attend Pearl River Community College and major in nursing.
 Achievements & Activities: Hancock County Junior Miss 1st Runner Up, Cheerleading Awards, Leadership Awards, Beta, National Honor Society, National Vo-Tech Honor Society, NFHS, FCA, HOSA, Vo-Tech FBLA, Student Council, Class Officer

Thoughts On: My favorite memory in high school was Homecoming week making T-shirts and hanging out with everyone.

I want everyone to remember me as fun, outgoing, and later, successful.

Words of Wisdom: Don't whisper unless you want everyone else to hear!

Misty Haniel

Lacey plans to attend the Sally McDonnell Barksdale Honors College at the University of Mississippi and hopes to earn a double major in biology and chemistry with medicine as a pre-professional study.

Achievements & Activities: Yale Book Award, National Merit Semi-finalist, STAR Student, Who's Who Among America's High School Students, All-American Scholar, National Honor Roll, Mississippi Governor School Scholar, Mississippi Lions Honor Band, HHS Colorguard, NSHS, Mu Alpha Theta, FBLA, Leo Club, Beta

Thoughts On: If I could do high school all over again I would learn to let things go and not be so concerned with the opinions of others.

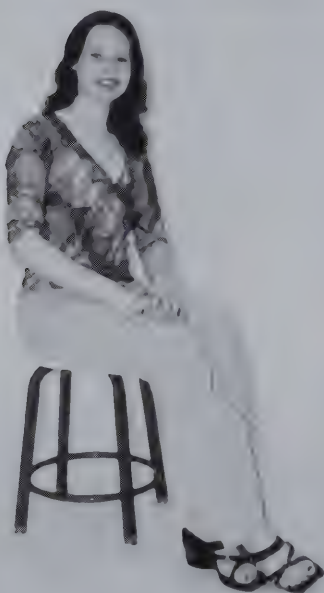

I will miss Friday football games, study group, band trips, hanging out with Mack, Indoorguard, and above all, my wonderful friends.

Words of Wisdom: Though high school is a wonderful adventure in life, it is only part of a much larger journey. Enjoy every minute, for after experienced, each moment becomes but a memory. However, never dwell on these fleeting memories of good times forever, allowing the rest of life to pass you by.

Lacey Wahl

Jennifer Ladner

Jennifer plans to attend the University of Southern Mississippi and major in criminal justice.

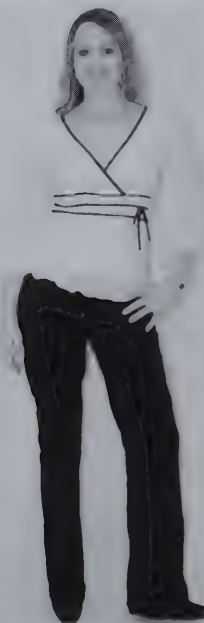

Achievements & Activities: Academic Excellence Scholarship at USM, Boeing Math and Science Award, National Honor Roll, Who's Who Among American High School Students, softball, President of CYO, Theater, Beta, FCA, Mu Alpha Theta, NHS, NFHS, Student Council, Basketball

Thoughts On: The biggest lesson I learned from high school is that things won't always go your way but challenges are what make life interesting. Your attitude is the real challenge.

I want my classmates to remember that I made an A in Mrs. Lovelace's AP English class.

I have many great memories from high school. They range from basketball trips to softball games to Homecoming week, overnight trips and late night study groups.

Lori Moran

Lori plans to attend Mississippi State University and major in General Business.

Achievements & Activities: \$600 in scholarships: American Legion Oratorical Contest, Who's Who Among American High School Athletes, National Honor Roll, All-American Cheerleading Nominee, Cheerleading, Class Officer, Student Council President, National Honor Society, NFHS, Beta, FCA, Drama Club, HHS Morning News Team, CYO President

Thoughts On: I would like my classmates to remember me as someone who was a leader and was always ready to help in any way possible.

I will miss cheering at Friday night football games.

Words of Wisdom: High school is a valuable teaching tool for one's future, and can create many good times and memories, but it is simply a gateway to the future. Please do not think that high school is all there is. Enjoy it and learn from it, but always strive to use it as a tool for everything else that life has to offer.

Star Student/Teacher

Miss Lacey Wahl & Mr. Anthony McWright

Every now and then, you meet someone who touches your life for the better, leaving a lasting impression behind. Throughout the years, I have met many people, some for just a fleeting instant, others lingering on long after the final goodbye is said. As a student, many admirable and dedicated teachers have crossed my path, but the one who stands out is Mr. McWright. We both became part of Hancock High School four years ago, he as a new teacher and I as a freshman. My first year in Band, I felt I didn't measure up to the rest of the students and contemplated quitting. Before I could make that mistake, Mr. McWright stepped in, tutoring me in his free time until I had much more confidence. His patience and dedication as a teacher has continued since then, never once wavering. Countless times, I have been hurt or frustrated in high school, and every time he has had words of wisdom to comfort me. His dedication and passion shines through, whether he is conducting during a concert or polishing an Indoorguard show. More than a teacher, he has become a mentor and true friend. As I and the rest of the senior class leave high school, Mr. McWright will stay behind, leaving his impression on countless others.

- Lacey Wahl

I graduated from Leland High School, which is located in the Mississippi Delta. From there, I attended Delta State University where I received my bachelor's of Music Education. I later attended the University of Southern Mississippi upon which I earned my Master of Music Education degree. I am currently working toward a Doctoral Degree in Administration at the University of Southern Mississippi - Long Beach. I began my teaching career at Starkville High School. Upon starting my master's degree program, I took a job with the Hattiesburg Public School District. From that post, I accepted the position here at Hancock High. With so many outstanding teachers in our profession and within our school district, it gives me great pleasure to be selected as star teacher. Lacey Wahl is without a doubt an exceptional student. If you know her, then you understand her ambitious nature and wonderful personality. She is a tremendous joy to work with, and over the four years that I have been with Hancock public school district, she along with many others, have really made working here very special. In short, she is more than the model student, and for her to name me as her star teacher will always harbor a special place within.

- Mr. Anthony McWright

For the past four years, we have anticipated the day we would walk in our cap and gowns and receive our diploma's. With graduation swiftly approaching, we begin to realize how fast time flies. As freshmen, we all had expectations. We soon realized it wasn't going to be a bed of roses. We had to stand our ground against the upperclassmen. Now we are the upperclassmen, the seniors, the leaders of the school. As much fun as this year is, it is also a little sad.

It doesn't set in until you compete in that last event or take that last test. Then you realize that these are some of the best years of our life. The memories made here, whether good or bad, will remain in our hearts forever! Soon we will say our good-byes and enter into the adult world.

No matter where life takes us, we will forever remember the class that, for one reason or another, was set apart from everyone else. We left our mark at Hancock High School and may we always remember... ..

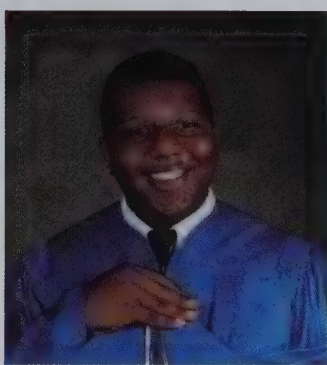

If you want something you've never had,
you have to do something you've never done!!

GOOD JOB CLASS OF 2004!

Congratulations Brooke!

Senior Brooke Necaise signed a full athletic scholarship with Southeastern Louisiana University. Brooke is pictured with her parents Mike and Suzette Necaise and her sister, Brianna.

Outstanding!

Senior Lacey Wahl, the daughter of Donna and Nelson Wahl of Kiln, was presented the *Yale Book Award*. The award was presented by Dr. Robert W. Farwell a Hancock County resident and Yale alumnus. To be selected a student must be in the top 1% of their class, interested in applying to Yale, and must demonstrate "outstanding personal character and intellectual promise."

Class Officers: Secretary, Erica Moran, Treasurer, Alvin Walsh, President, Ashley Boehnel, Vice-President, Ashley James, and Prom Chairman, Elizabeth White.

Our junior year is one of the most memorable years of high school. This year really develops character and who you will become later in life. As juniors, we have a great responsibility to the class of 2004. We hope to have given them a prom they will remember for the rest of their lives. I have, as well as my classmates, really enjoyed this year and we look forward to what next year has in store for us.

As Sophomores this year, we are faced with many challenges as well as responsibilities. We are not babies anymore; instead, we are role models, here to set good examples for the Freshmen we once were. As the days fly past us, we realize that we are nearly half-way through our high school years. We are getting closer and closer to being SENIORS! Though we have our whole lives ahead of us, we want to make these last two years the best, most exciting years of our lives. GOOD LUCK TO THE "CLASS OF 2006!"

Class Officers: President, Raoul Boughton, Vice-President, Jessica Moran, Treasurer, Jennifer Null, and Secretary, Jerica Bounds.

Like any other class, we faced many new experiences during our Freshmen year. Many of us dreaded coming to the high school because we knew we were to be the “babies” on campus. To our surprise, fitting in wasn’t as hard as we thought it would be. Playing sports, joining clubs, or being a member of the band really helped us assimilate into high school. We can all agree that this year wasn’t as hard as we thought, in fact, we had a lot of fun! As your class officers, we would like to congratulate you all on a job well done. Good luck in the future to the class of 2007! Go Hawks!

Freddye MacDonald

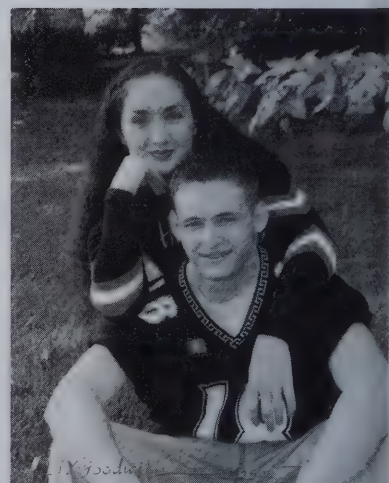

Freddye, when I was a young man I could never have imagined myself being the father of a beautiful and truly wonderful daughter. Ever since you were born, you have been both beautiful and wonderful. From the first time that I held you I knew that you were a special little lady. Since that day over eighteen years ago, you have demonstrated in every way and every day that you were and are very special. You have grown into a young woman that any father would be proud to call his daughter. I am honored and very blessed to know that you are my daughter. There has never been a moment in those eighteen years that I could have been any more proud to claim you as mine. I take every opportunity to make sure that everyone knows that you are my daughter. This year, your senior year, you have exhibited a strength and courage that exceeds most adults that I have ever known. You did not just show true strength, but you demonstrated the highest degree of character and did it all with the usual "class" that has become your trademark. You have shown that you can handle any situation with good judgment and resolve, and have set a standard that many who follow you will find very difficult to match. As you move on along your journey to college and beyond, know that you can do anything that you set your mind to, anything! So, set your goals high, don't be distracted, and be prepared for a lifetime of achievement and happiness. As you grow older always know that I will always think of you as "my little buddy" and remember all the fun times that we have had together. Thank you for many of the happiest times of my life.

Butterfly Kisses,
Dad

Beauti-pie, Congratulations! You are finally through with high school! Everyone says your senior year of high school and your freshman year of college are two of the best years of your life, but when the person that you want to be with the most isn't around, it makes it a little harder to enjoy those times. Next year we are going to be a college together, though, so we have a lot of time to catch up on. Remember, I am always here for you and I love you with all of my heart.

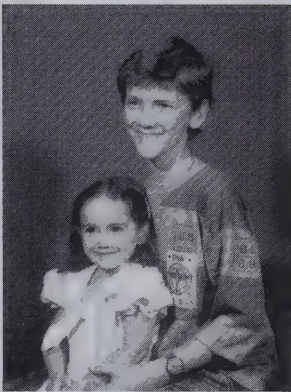

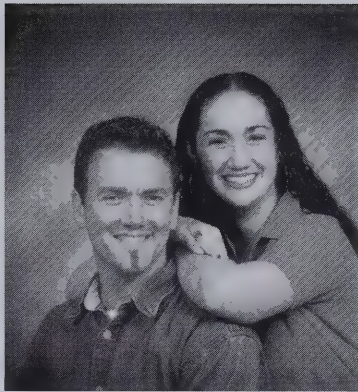

Forever & Always,
Christopher Shawn

Freddie,

It is hard to believe you are already graduating! You have grown into such a beautiful young lady inside and out. No one could ask for a better little sister. Remember we will be here for you no matter what. good luck in the years to come, believe in yourself and keep God first in everything you do! CONGRATULATIONS!!!

We love you very much!!
Chad and Bonnie

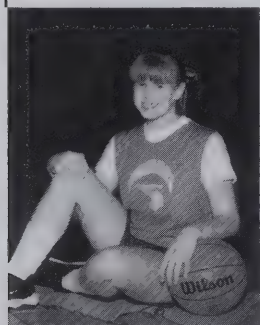

When you were a little girl you were so strikingly beautiful that everyone we came upon commented on your looks. My answer was always, "She is a good girl too." Those two observations characterize your life. As beautiful as you have always been has never taken away from your true goodness. Your pure heart has given you inward and outward beauty. That kind of beauty has helped you accomplish much. You excel at everything you attempt - Gymnastics - Level 8; Cheerleading - 6 years; Dancing - 12 years; Academics - Honor Roll; Who's Who Among American High School Students - 2 years; and Church - Youth Delegate to Annual Conference. As you graduate and pursue your goals, my prayers will go with you. But more importantly, God's blessing - because you have honored Him in your life.

I love you and am so proud of you,
Mom

CONGRATULATIONS

Graduation ought not be an end,
 Replacing what within we might achieve.
 After all, the good that we intend
 Does much to serve the good that we receive.
 Underneath the mask of a diploma
 A person must perform with just the skill,
 The knowledge and the art that he or she
 Internalized through courage, hard work, and will.
 On what we are will rest what we become,
 Nor do we have much else to draw upon.

The years have gone by so fast. It seems like just
yesterday we were riding to the pool in our golf
cart. Little sister we have been through everything
together; the best and worst of times, the easiest
and toughest, the happiest and saddest, many
laughs and cries, and many times of trouble. We
were hand and hand through it all. Now I must let
you go and be the young woman you are. I know I
have taught you well, so its your turn to show the
world who you are and what a change you will
make, but the bond we have as sisters will never
change. Congratulations on your first big accom-

SAMUEL JAMES NECAISE

Where has time gone? As I look back to when you were little, I see this awesome little boy running around outside with cowboy boots, shorts, no shirt, and an ugly straw cowboy hat. Always busy doing something. Your passion was tractors, fire trucks, your red jeep and your Papa. You had a great imagination.

Now look at you! You are all grown up and about to graduate from High School. You have always been a blessing to have as a child and we are so thankful that God sent you to us. You are a wonderful person and a pleasure to be around. I once dreaded the teen years and you have made them enjoyable. You have been a great teen. THANK YOU! My prayer for you is that you will realistically set your goals in life and achieve them. Don't sell yourself short, you can do anything you want to. You've come a long way by the grace of God and he will see you the rest of the way if you rely on him. Always look to him for guidance and strength and he will give it to you. We are so proud of you and we love you very much. Remember that we will always be here for you, BUT now it is time for you to see what it is really like in the real world. God Bless you! If Papa and Grandma were here, they would be so proud of you, not only for graduating, but for the person that you are.

WE LOVE YOU!
DAD, MOM and MEAGAN

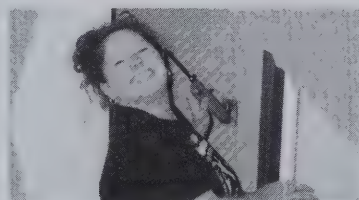

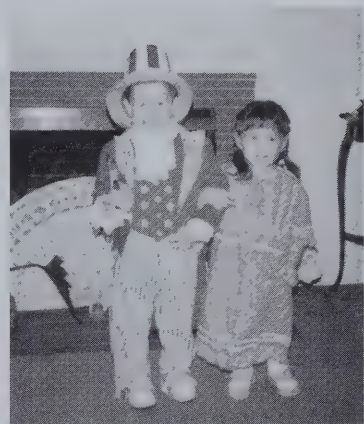

Samuel,

Today is the first day of the rest of your life. You have closed the door on your childhood and opened the door to your adulthood. Make the most of your life. You only have one time around. While out in your life put Jesus first and you will never fail at anything you want to do. Always give Him the glory for everything and remember to always tell Him thank you, good or bad. Something good always comes from something bad. You are special to me and always will be.

From your Granny Janice

Kesha Nicole Harris Saucier

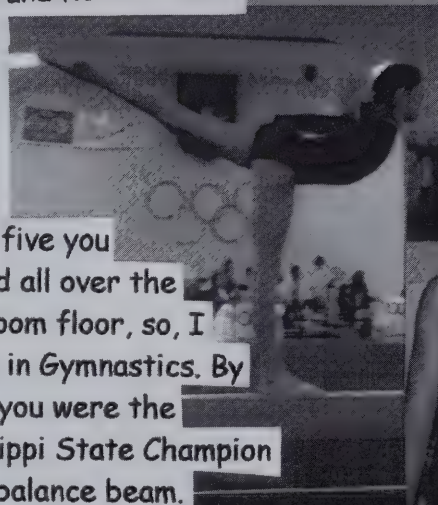

In 1985, A beautiful baby, Kesha Nicole, Was born to Charlotte and Keith Harris, and that baby was you!

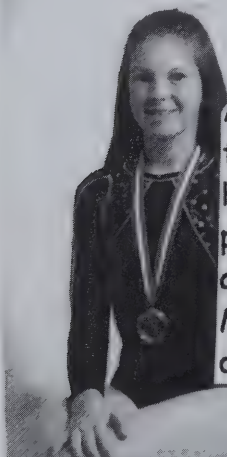

At age four living in Meridian, you were my little ballerina. You were first to learn the steps & the leader of the class.

Your inner beauty has always been as beautiful as your outer beauty.

At age five you tumbled all over the living room floor, so, I put you in Gymnastics. By age 11, you were the Mississippi State Champion on the balance beam.

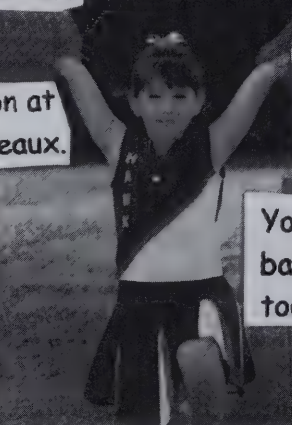

You made your first communion at age 8 at Sacred Heart in Dedeaux.

At age six you were crowned queen in the 3-6 year division of the Jimmie Rodgers pageant.

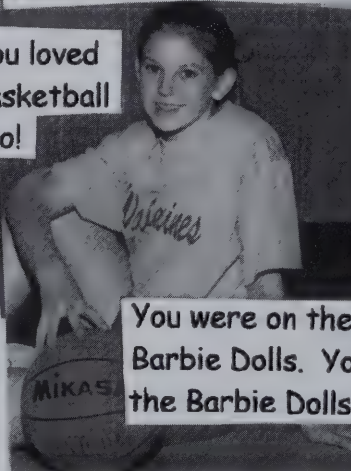

Center Hill's little rookie later became Long Beach All-Star team's homerun hitter!

Your cheerleading experiences began at Hancock North Central Elementary.

You loved basketball too!

You were on the girls soccer team, the Barbie Dolls. Your goalie skills helped the Barbie Dolls beat a team of boys.

We moved to Dedeaux and you attended Hancock North Central Elementary for 1st-3rd grades.

Your biggest life altering experience was the death of your father, Robert Keith Harris. You were his angel and now he is yours.

In 8th grade, you were announced to be the "Kicker Kid of the Week" while cheering at a pep rally for Long Beach Middle school for writing a poem after the loss of a family friend's baby, Joshua Clark.

You are doing an excellent job playing soccer for the Lady Hawks!

We had a new addition to our family in 1998... your baby sister Jadyn. She loves you and looks up to you so much.

In 11th grade, you confirmed your faith in the Catholic church.

senior year is nearing an end
And all of your memories will stay!
Wear that tassel!

It was worth the hassle!
Your future begins today!

Little Eyes Upon You

There are little eyes upon you
and they're watching night and day
There are little ears that quickly
take in every word you say.
There are little hands all eager
to do anything you do;
And a little girl who's dreaming
of the day she'll be like you.

You're the little girl's idol,
You're the wisest of the wise.
In her little mind about you
no suspicious ever rise.
She believes in you devoutly,
holds all that you say and do;
She will say and do, in your way,
When she's grown up like you.

There's a wide eyed little girl
who believes you're always right;
And her eyes are always opened,
and she watched day and night.
You are setting an example
every day in all you do,
For the little girl who's waiting
To grow up to be like you.

ASHLEY:

On November 8, 1985, God presented us with a beautifully wrapped gift. When we untied the ribbons, what we found in the box was YOU. God blessed you with many beautiful attributes and talents. You are beautiful, honorable, loyal, moral, intelligent, ambitious, and so full of love and kindness.

So when life deals the bad hand, as it sometimes does, untie the ribbons; and look for the gifts that God gave you.

You are a very beautiful and fine young lady. We are very proud of you.

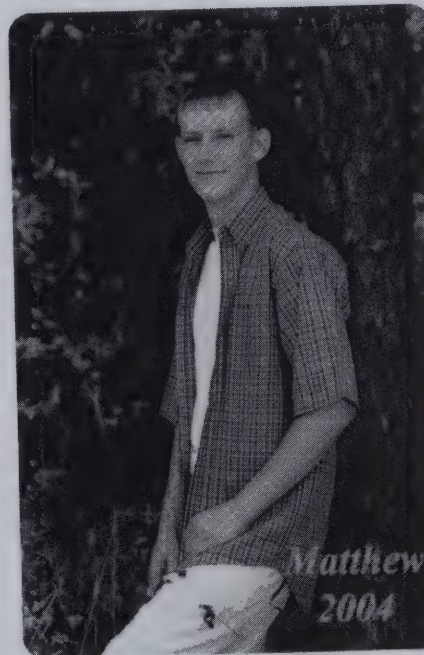

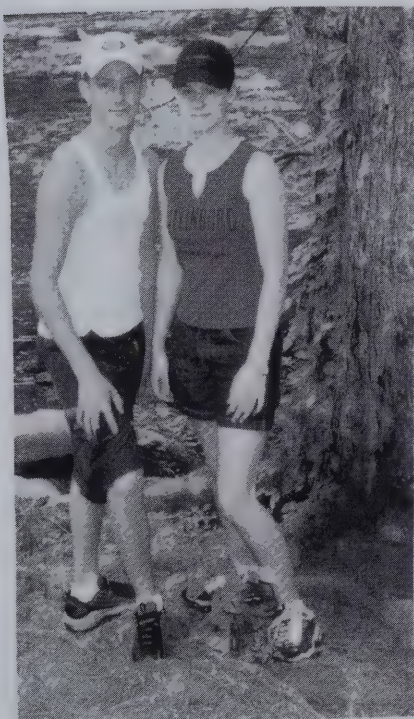

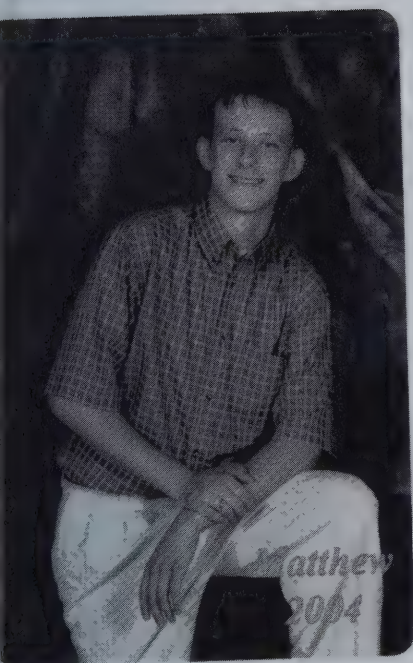

**Love,
Mom, Dad & Jeremy**

CONGRATULATIONS!

Matt,

Now is the time to spread your wings
to enjoy life and all of God's special things;
you are to us, a very special young man
and will succeed in all you do with God hand in hand;
you can do anything you set out to do
Just Remember - ALWAYS BE YOU!

Love,
